

**Are you looking for a unique place to organize the Christmas Eve meeting?**

**Do you want to surprise and delight your employees and business partners?**

**Do you expect high-quality menus?**

We have created a special holiday integration culinary workshops for you, so on the menu you will find some impressively indulgent dishes to get you in the festive spirit of Christmas Eve. Our chef, Bartłomiej Płócienniak, will give you tranquility, casual atmosphere and first class cuisine and our sommelier will show you how to apply the principles of food & wine pairing and will give you several humorous anecdotes about the wine and its producers.

Each menu and meeting rooms are set individually and may include traditional Christmas dishes such as dumplings (pierogi) with cabbage or mushrooms filling and last but not least Polish borscht (barszcz)... but we can let your imagination run wild and conjure up dishes inspired by this special time and rather than dried plum compote, we can make Earl Grey tea with brandy and ice cream with gingerbread sprinkles.

Our new Culinary Studio is located in the Buma Square building, at Wadowicka 6, on the ground floor. We cordially invite you to spend this great time together in this beautiful area.
